亲爱的家长朋友们：

您好！

本次成都康礼小学潜能发掘游园会，将从八大核心领域为孩子进行全方位的潜能评估。希望通过趣味的体验形式，帮助孩子更好地认识自己的能力特点，也让我们和家长一起，更精准地看见孩子的闪光点与发展方向，为后续的个性化成长支持奠定基础。以下为您详细介绍八大评估领域：

1. 语言 (Language)

从中文表达和英文表达两个维度展开，观察孩子的语言表述完整性、词汇运用能力与表达流畅度，了解孩子的语言感知、理解与表达潜能，尊重孩子的双语语言发展节奏。

2. 空间 (Spatial Awareness)

包含空间想象和立体空间感知两方面，通过趣味的动手操作与体验，感知孩子对空间结构、立体形态的理解与想象能力，以及实际空间中的判断与感知能力，发掘孩子的空间思维潜能。

3. 逻辑思维 (Logical Reasoning)

聚焦孩子的规律推理与判断能力，通过孩子对图案、数字等常规规律的识别、分析与推理表现，了解其逻辑思维的发展水平，发现孩子的逻辑思考与问题解决的潜在特质。

4. 记忆专注力 (Memory & Concentration)

分为记忆力和专注力两个维度，一方面观察孩子的短时信息记忆效果与准确性，另一方面关注孩子完成任务过程中的注意力集中程度、抗干扰能力，重视记忆力与专注力的协同发展状态。

5. 社交 (Social Skills)

涵盖小组合作与同学交际两大方向，在团队趣味任务中，观察孩子在集体中的配合度、互动意愿，以及与同伴的沟通、协调甚至组织能力，了解孩子的社交表达与团队协作潜能。

6. 手脑协调 (Hand-eye coordination)

关注孩子的手脑协调能力，通过测试孩子手与脑的配合，了解目前孩子的手与脑的反应，协调发展情况。良好的手脑协调不仅能提升孩子的生活自理能力，也为今后的学习打下基础。

7. 自我管理 (Self Management)

从任务执行与行为管控角度出发，观察孩子完成指定任务时的专注度、行为规范性，以及对时间的初步规划与把控能力，了解孩子的自我约束、自我管理能力发展状态。

8. 交流 (Communication Skills)

作为全程观察的核心维度，包含倾听与表达两大能力：倾听方面关注孩子能否认真接收他人的指令与表达、精准捕捉核心信息；表达方面观察孩子主动表达的意愿、表述的清晰度与流畅度，重视孩子双向交流的综合能力。

每个孩子都是独一无二的，都有属于自己的优势领域与发展节奏。本次八大领域的评估，是为了更好地“看见”孩子，我们也将结合评估结果，和家长携手，为孩子的成长提供更贴合其需求的引导与支持，让每个孩子的潜能都能被发掘、被呵护！

To Dear Parents and Guardians, Greetings!

The Explore Your Potential Carnival of Chengdu Cogdel Primary School will conduct a comprehensive potential assessment for your child across eight core areas. Through fun and engaging experiential activities, we aim to help children better understand their own strengths and abilities, and enable teachers and parents to more accurately discover children's shining points and developmental directions, laying a solid foundation for providing personalized growth support for them in the future. Below is a detailed introduction to the eight assessment areas:

1. Language

This area is assessed from two dimensions: Chinese Expression and English Expression. We observe the completeness of children's verbal expression, their vocabulary application ability and expression fluency, to understand their potential in language perception, comprehension and expression, and respect the pace of children's bilingual language development.

2. Spatial Awareness

It includes two aspects: Spatial Imagination and 3D Spatial Perception. Through interesting hands-on operations and experiences, we perceive children's ability to understand and imagine spatial structures and three-dimensional forms, as well as their judgment and perception ability in actual space, exploring their potential in spatial thinking.

3. Logical Reasoning

This area focuses on children's ability of Pattern Reasoning & Judgment. Through children's performance in identifying, analyzing and reasoning regular patterns such as patterns and numbers, we understand the development level of their logical thinking and discover their potential traits in logical thinking and problem-solving.

4. Memory & Concentration

It is divided into two dimensions: Memory and Concentration. On the one hand, we observe the effect and accuracy of children's short-term information memory; on the other hand, we pay attention to their attention concentration and anti-interference ability during task completion, attaching importance to the coordinated development of memory and concentration.

5. Social Skills

It covers two major directions: Team Cooperation and Peer Communication. In team fun tasks, we observe children's cooperation and interaction willingness in the group, as well as their ability to communicate, coordinate and even organize with peers, to understand their potential in social expression and team collaboration.

6. Hand-eye Coordination

Focus on children's hand-eye coordination. By testing how well the hands and brain work together, we can understand the child's current hand-brain response and coordination development. Good hand-eye coordination not only improves children's self-care skills but also lays the foundation for future learning.

7. Self Management

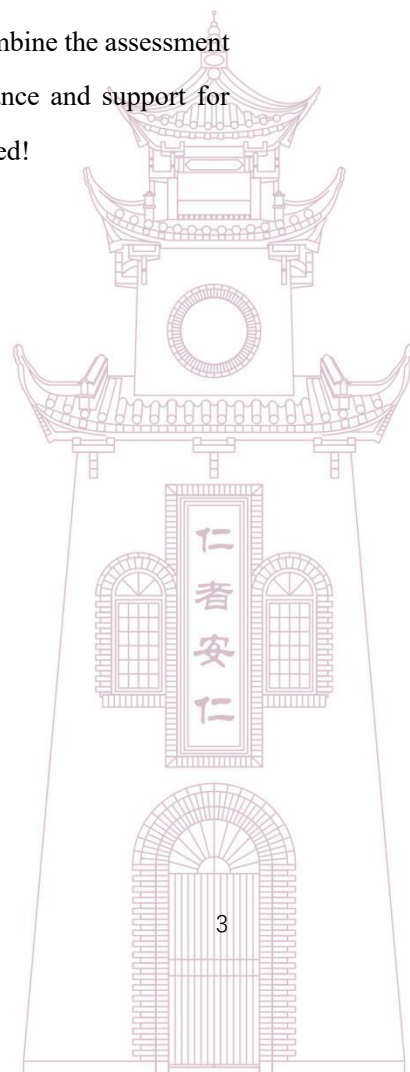

From the perspective of Task Execution and Behavior Control, we observe children's concentration, behavioral normativity, as well as their initial ability to plan and control time when completing assigned tasks, to understand the development status of their self-discipline and self-management abilities.

8. Communication Skills

As a core dimension of observation throughout the carnival, it includes two key abilities: Listening Ability and Expressing Ability. For listening, we pay attention to whether children can carefully receive others' instructions and expressions and accurately capture core information; for expression, we observe children's willingness to express actively and the clarity and fluency of their expression, valuing children's comprehensive ability of two-way communication.

Every child is unique, with their own dominant areas and developmental pace. The assessment of these eight areas is designed to help us better "see" each child. We will also combine the assessment results and work hand in hand with parents to provide more targeted guidance and support for children's growth, ensuring that every child's potential is explored and cherished!

	核心评估领域 Core Evaluation Area	具体评估维度 Specific Dimension	0 分	1 分	2 分	3 分	4 分	5 分	评分 0-5 Score
1	语言 Language	中文表达 Chinese Expression	不愿开口, 无任何表达表现 Unwilling to speak, no expression at all	仅说零散词汇, 无法完整表述想法 Only speak scattered words, unable to express ideas completely	表达内容简单, 语句不连贯, 缺失较多信息 Simple expression, incoherent sentences, missing much information	表达基本完整, 语句较连贯, 少量信息遗漏 Basically complete expression, relatively coherent sentences, a little information missing	表达完整流畅, 用词恰当, 能清晰说清想法 Complete and fluent expression, appropriate words, can express ideas clearly	表达流畅有条理, 逻辑清晰, 用词丰富精准 Fluent and organized expression, clear logic, rich and accurate words	4
		英文表达 English Expression	无任何英文输出, 不愿尝试表达 No English output at all, unwilling to try to express	仅说单个单词, 无法组织成完整语句 Only speak single words, unable to form complete sentences	仅能复述少量单词, 语句完整性较差 Only retell a few words, poor sentence integrity	能复述简单语句, 发音略有偏差 Can retell simple sentences with slight pronunciation deviation	能完整复述语句, 发音基本标准, 吐字清晰 Can retell sentences completely, basically standard pronunciation,	能流利复述, 发音标准, 表达自然 Can retell fluently, standard pronunciation, natural expression	3

							clear enunciation		
2	逻辑思维 Logical Reasoning	规律推理 与判断 Pattern Reasoning & Judgment	无法理解规律 概念，无正确 作答思路 Unable to understand the concept of pattern, no correct answer idea	仅能识别基础单一 规律，无法完成推 理判断 Only recognize basic single pattern, unable to complete reasoning and judgment	能识别基础规 律，推理完成度 低，错误较多 Can recognize basic pattern, low completion of reasoning with many mistakes	能识别常规规律，推 理完成度较高，仅有 少量错误 Can recognize regular pattern, high completion of reasoning with only a few mistakes	能快速识别常规规 律，推理判断完全 正确 Can quickly recognize regular pattern, completely correct reasoning and judgment	能快速识别复杂规 律，推理判断准确， 能主动说明思路 Can quickly recognize complex pattern, accurate reasoning and judgment, can take the initiative to explain ideas	4
3	空间 Spatial Awareness	空间想象 Spatial Imagination	无法理解指 令，无任何操 作行为 Unable to understand instructions, no operation at all	能理解少量指令， 操作结果与要求偏 差极大 Can understand a few instructions, the operation result is far from the requirement	能理解部分指 令，操作缺失核 心空间结构 Can understand part of the instructions, the operation lacks core spatial structure	能理解大部分指令， 操作基本符合要求， 少量细节偏差 Can understand most instructions, the operation basically meets the requirement with a little detail deviation	能准确理解指令， 操作结果完全符合 要求，结构规整 Can understand instructions accurately, the operation result fully meets the requirement with neat structure	能快速理解指令，空 间建构精准，空间想 象能力突出 Can understand instructions quickly, accurate spatial construction, outstanding spatial imagination ability	5

		立体空间感知 Spatial Perception	拒绝参与，无任何空间感知表现 Refuse to participate, no spatial perception performance at all	空间感知薄弱，无法完成基础空间操作 Poor spatial perception, unable to complete basic spatial operations	空间感知欠佳，操作易出错，需要大量引导 Not good at spatial perception, easy to make mistakes in operation, need a lot of guidance	空间感知一般，操作能基本完成，少量偏差，需少量引导 Average spatial perception, can basically complete the operation with a little deviation, need a little guidance	空间感知良好，操作顺利完成，全程无偏差 Good spatial perception, the operation is completed smoothly with no deviation throughout	空间感知极强，操作流畅精准，空间判断能力出色 Excellent spatial perception, smooth and accurate operation, outstanding spatial judgment ability	4
4	手 脑 协 调 (Hand-eye coordination)	手脑协调描述 Hand-eye coordination & Description	无法进行协调 Can not catch the ball	能够在很多支持下双手完成一次协调接球 Using two hands to catch the ball with support	能够双手独立完成一次协调接球 Using two hands to catch the ball	能够独立单手完成 2 次接球 Catching the ball twice with one hand	能够独立单手完成 3-4 次接球 Catching the ball 3-4 times with one hand	能够单手完成所有接球 Catching all the balls using one hand	5

5	记忆专注力 Memory & Concentration	记忆力 Memory	无法复述信息，无任何正确内容输出 Unable to retell information, no correct content output at all	仅能复述少量信息，正确率极低 Only retell a little information with extremely low accuracy	能复述部分信息，正确率较低，遗漏较多 Can retell part of the information with low accuracy and many omissions	能复述半数左右信息，正确率中等，少量遗漏 Can retell about half of the information with medium accuracy and a few omissions	能复述绝大部分信息，正确率较高，几乎无遗漏 Can retell most of the information with high accuracy and almost no omissions	能完整准确复述所有信息，无遗漏、无错误 Can retell all information completely and accurately with no omissions or mistakes	3
		专注力 Concentration	全程分心，完全不参与任务 Distracted throughout, do not participate in the task at all	大部分时间分心，偶尔关注任务，需反复提醒 Distracted most of the time, pay attention to the task occasionally, need repeated reminders	时常分心，参与任务较被动，需少量提醒 Often distracted, participate in the task passively, need a few reminders	偶尔分心，能主动参与任务，无需额外提醒 Occasionally distracted, can take the initiative to participate in the task without extra reminders	全程基本专注，仅短暂走神，能快速回归任务 Basically focused throughout, only distracted for a short time, can quickly return to the task	全程高度专注，无任何走神，始终聚焦任务本身 Highly focused throughout, no distraction at all, always focus on the task itself	4
6	自我管理 Self Management	任务执行与行为管控 Task Execution & Behavior Control	拒绝完成任务，扰乱现场秩序 Refuse to complete the task, disrupt the on-site order	参与任务时间短，频繁分心，需全程提醒 Participate in the task for a short time, often distracted, need reminders throughout	参与任务过程中多次分心，需反复提醒 Distracted many times during the task, need repeated reminders	全程参与任务，偶尔分心，仅需一次提醒，无拖沓 Participate in the task throughout, occasionally distracted, only need one reminder with no delay	全程参与任务，无任何分心，无需提醒，行为规范 Participate in the task throughout, no distraction at all, no reminders needed	全程高度专注，主动高效完成任务，有良好的时间规划意识 Highly focused throughout, take the initiative to complete the task efficiently with a	4

							with standardized behavior	good sense of time planning	
7	社交 Social Skills	小组合作 Team Cooperation	拒绝参与合作，无任何配合行为 Refuse to participate in cooperation, no cooperative behavior at all	被动参与合作，不配合队友，无有效行动 Passively participate in cooperation, uncooperative with teammates, no effective action	少量配合队友，对团队任务无实质贡献 Cooperate with teammates a little, no substantial contribution to the team task	能主动配合队友，完成团队任务的核心部分 Can take the initiative to cooperate with teammates and complete the core part of the team task	积极配合队友，肢体动作协调，共同完成完整任务 Actively cooperate with teammates, coordinated body movements, complete the whole task together	主动组织队友，合理分配行动，带领团队高效完成任务 Take the initiative to organize teammates, allocate actions reasonably, lead the team to complete the task efficiently	4

		同学交际 Peer Communication	拒绝与同伴交流，独自脱离团队 Refuse to communicate with peers, break away from the team alone	极少与同伴交流，仅被动回应，无主动互动 Rarely communicate with peers, only respond passively, no active interaction	仅与少数同伴简单交流，互动较少，略有回避 Only communicate briefly with a few peers, little interaction with slight avoidance	能与多位同伴正常交流，主动参与基础互动 Can communicate normally with many peers and take the initiative to participate in basic interaction	与同伴友好交流，主动发起互动，全程无争执 Communicate friendly with peers, take the initiative to initiate interaction, no disputes throughout	主动与所有同伴交流，善于协调关系，带动团队互动氛围 Take the initiative to communicate with all peers, be good at coordinating relationships and driving the team interaction atmosphere	4
8	交流 Communication Skills	倾听能力 Listening Ability	完全不倾听，无视他人的指令与表达 Do not listen at all, ignore others' instructions and expressions	极少倾听，需反复强调指令，易打断他人表达 Rarely listen, need to emphasize instructions repeatedly, easy to interrupt others' expressions	偶尔倾听，指令需多次重复，偶尔打断他人 Occasionally listen, instructions need to be repeated many times, occasionally interrupt others	能基本倾听，指令仅需一次重复，不打断他人表达 Can basically listen, instructions only need to be repeated once, do not interrupt others' expressions	全程认真倾听，能快速回应指令，耐心倾听同伴表达 Listen carefully throughout, can respond to instructions quickly and listen to peers' expressions patiently	全程专注倾听，能精准捕捉核心信息，适时点头 / 回应表示理解 Listen attentively throughout, can accurately capture core information and nod/respond appropriately to show understanding	4

		表达能力 Expressing Ability	完全不表达，拒绝回应任何互动 Do not express at all, refuse to respond to any interaction	仅被动用单字 / 词语回应，无主动表述 Only respond with single characters/words passively, no active expression	简单被动回应，偶尔主动表达，表述模糊不清 Simple passive response, occasionally take the initiative to express with vague statement	能主动回应问题，偶尔主动表达，表述较清晰 Can take the initiative to respond to questions, occasionally take the initiative to express with relatively clear statement	能主动回应并发起表达，表述清晰有条理，用词恰当 Can take the initiative to respond and initiate expression with clear and organized statement and appropriate words	积极主动表达，表述流畅有条理，善于发起交流，用词精准 Express actively and positively, fluent and organized statement, be good at initiating communication with accurate words	5
综合评价 Comprehensive		该生在此次评估中整体表现良好，各领域发展较为均衡。优势方面，空间想象能力突出（5 分），能快速理解指令并精准建构，手脑协调能力也达到满分水平；表达能力优秀（5 分），能主动发起交流，表述清晰有条理；中文表达（4 分）、逻辑推理（4 分）、空间 5 感知（4 分）及自我管理（4 分）均处于中上水平，能基本独立完成任务并保持较好的行为规范。与此同时，该生也有明确的提升空间：英文表达仅获 3 分，建议通过多听多说、模仿跟读等方式加强语感与复述流畅度；记忆力（3 分）和倾听能力（4 分）也有待进一步巩固，可通过复述训练和专注倾听练习加以提升。综合来看，该生具备良好的学习基础和潜力，若能在弱项上持续加强，发展将更为全面均衡。							

附：潜能评估雷达图

本雷达图为成都康礼小学潜能发掘游园会专属能力可视化图表，对应评估表八大核心潜能评估领域，刻度与 0-5 分评分规则精准匹配，可直观呈现孩子各维度能力表现与综合发展状态。

解读方式

1. 刻度对应：图表 8 个放射轴分别对应八大评估领域，轴上刻度从中心到外侧依次为 0-5 分，孩子该领域得几分，即标记在对应刻度处；
2. 综合能力：将各领域标记点连线形成闭合多边形，多边形面积越大，代表孩子八大潜能的综合表现越好；
3. 能力特点：某一轴线的标记点越靠近外侧，代表该领域为孩子的能力优势项；标记点越靠近中心，代表该领域为待提升项；图形越规整，代表孩子各维度能力发展越均衡。

本图表以直观的视觉形式呈现孩子的潜能特点，为家校携手开展个性化成长引导与支持提供参考。

Potential Assessment Radar Chart Explanation

This radar chart is an exclusive ability visualization for the Explore Your Potential Carnival of Chengdu Cogdel Primary School, corresponding to the eight core potential evaluation areas in the evaluation form. The scale is precisely matched with the 0-5 point scoring rule, which can intuitively show children's ability performance in each dimension and their comprehensive development status.

Interpretation Method

1. Scale Corresponding: The 8 radial axes of the chart correspond to the eight evaluation areas respectively. The scale on the axis is 0 to 5 points from the center to the outside, and the score a child gets in a certain area is marked at the corresponding scale.
2. Comprehensive Ability: Connect the marked points of each area to form a closed polygon. The larger the area of the polygon, the better the comprehensive performance of the child's eight potentials.
3. Ability Characteristics: The closer the marked point of an axis is to the outside, the more the area is a strength of the child; the closer the marked point is to the center, the more the area is an area for improvement. The more regular the graph, the more balanced the child's ability development in all dimensions.

This chart presents children's potential characteristics in an intuitive visual form, providing a reference for families and the school to work together to carry out personalized growth guidance and support.
